1. Propaganda should be the responsibility of the Institute in collaboration with the other agencies.	In the present set-up, the conduct of propaganda on Co-operation is undertaken by the Mysore Provincial Co-operative Institute in collaboration with the officers of the Co-operative Department.
2. The Co-operative Journal should be revived immediately.	The Co-operative Journal has been revived by the Mysore Co-operative Institute and is being published as a weekly journal since February 1951 and is having a wide circulation.
3. The Co-operative Institute as the promotional body is responsible for directing and co-ordinating the work of propaganda, education and training should be strengthened by being re-organised immediately.	The question of reorganising the Provincial Co-operative Institute in the light of the recommendations of the Seminar is under consideration.
4. The Institute should be given statutory recognition.	.....

(THE HON'BLE SRI T. MARIAPPA.)

5. To meet the immediate need for the supply of technically trained personnel an emergency scheme of training in three months in a few centres of the State is suggested.	The holding of training classes to train candidates in the Principles and Practice of Co-operation has been a regular and annual feature of the Provincial Institute and some of its branch institutes. During the year 1950-51, Co-operative Training Classes were held at Mysore and Mandya centres and 110 students successfully underwent the training course.
6. A scheme of Co-operative Education and training on concentric system in four stages is suggested as a permanent arrangement.	This aspect is being examined by the Department.
7. The existing facilities for the study of co-operation by other agencies should continue.	The existing facilities for the study of Co-operation by other agencies, *i.e.*, the Mysore Provincial Co-operative Institute is being continued unhampered.
8. It is not necessary at present to have a separate College for Co-operation.	No remarks to offer.
9. Study tours and practical training for Co-operators are to be arranged.	The Mysore Provincial Co-operative Institute has on hand a scheme of study tours and practical training for Co-operators. This work will be undertaken as soon as adequate facilities are available.
10. Co-operative Societies should employ on their staff only persons trained in Co-operation.	It is now made incumbent upon all the Multi-purpose Co-operative Societies to employ only trained candidates to the posts of Assistant Secretaries. Other Societies are also preferring trained candidates in place of untrained ones at the time of filling up vacancies arising on their staff.
11. For appointments included under clause (A) under draft rule 50, a pass in the Diploma course in addition to general qualifications should be insisted upon.	Suitable provision has been made in the draft rules which are now before Government for consideration. As soon as the draft rules are approved steps will be taken to call upon all Co-operative Societies to employ only qualified and trained personnel in the light of the recommendations of the Seminar.
12. For appointment included under clause (B) of the same draft rules a pass in the Intermediate examination in Co-operation conducted by the Institute should be insisted upon.	.....
13. The formation of general cadre for the employees of Co-operative Societies is not supported.	No remarks to offer.
14. The outline of the reorganisation of the Co-operative Institute is indicated.	The re-constitution of the Mysore Provincial Co-operative Institute as "the Mysore Co-operative Union" on the lines outlined by the Seminar is under examination.
15. The staff of the Co-operative Union should be considerably strengthened.	This is engaging the attention of the Department.
16. An immediate beginning for an up-to-date Co-operative Library by the Institute should be made.	The Institute has made a beginning with its limited resources, in building up a Co-operative Library. It is reported that its library at present contains 235 volumes and that it has so far incurred an expenditure of Rs. 667-11-6 in this regard. It has recently decided to set apart a portion of the rent received from the Co-operators' Home, Mysore, for purchase of books. Negotiations are afoot for acquiring the site adjacent to St. Lukes Church, Chamarajpet, for the location of a Central Library. A sum of Rs 63,380 collected from the Co-operative Societies towards the Memoral Fund of His Highness the late Sri Narasimharaja Wodeyar will be utilized for this purpose.
17. In order to raise funds sufficient for meeting the extended activities of the Union, an annual levy of contributions on a sliding scale ranging from 2 per cent to 5 per cent of the net profits of the societies subject to a maximum of Rs. 500 is recommended to be provided statutorily.	Steps will be taken to implement their resolution by making a suitable provision in the draft rule (18 iv) for compulsory contributions from the Societies every year.
